

**OXFORD MODEL FLYING CLUB**  
**MEMBERSHIP SUBSCRIPTION 2019**  
(Please print all details clearly)

NAME ..... DATE OF BIRTH .....

ADDRESS .....

..... POSTCODE .....

TELEPHONE ..... E-MAIL .....

To help members to keep in touch with each other we distribute some contact details amongst members. So that we do not pass on information that you would prefer to keep confidential please put a **cross** against any of the following pieces of information that you do **NOT** wish to be made available to other Club members.

Name  Address  Postcode  Telephone number  E-mail address  Flying interests

If you have an e-mail address we will use that as the main means of communicating with you.

**BRITISH MODEL FLYING ASSOCIATION (BMFA)**

Oxford Model Flying Club is affiliated to the British Model Flying Association. Membership of it provides insurance for all types of flying. If you are a member of another club affiliated to the BMFA you will only need to pay the OMFC membership subscription.

**CLUB RULES**

The Club rule book is issued to all new members and is available on request to all existing members. It is the duty of every member to be familiar with, and to comply with, all the Club rules. It is also their duty to assess safety and conditions, as they affect themselves, other Club members and the public, wherever and whenever flying. Members are required by the Committee to act appropriately should they witness any practice that they consider could endanger life or bring the Club into disrepute, or which is in any way contrary to the Club rules, whether by a Club member or another person.

**JUNIOR MEMBERSHIP**

Junior (under 18 yrs) members participating in Club activities must be accompanied at all times by their parent or legal guardian. An application from a junior will only be considered once a parent or legal guardian has signed their acceptance of these conditions and signified that they agree to the terms and conditions of the Club rule book on behalf of the junior.

**MOBILE TELEPHONES AND RADIO CONTROLLED FLYING**

Whilst there is no definitive information on the effects of microwave propagation on radio transmitters, it has been observed that, under certain conditions, the use of a mobile phone may interfere with radio control transmissions. It has therefore been decided that mobile phones must remain switched off when in the vicinity of radio controlled models and not used unless all aircraft are on the ground and pilots have agreed to the use of the phone. For emergency purposes members are encouraged to carry a mobile phone, but switched off, when on Port Meadow.

**NOTE: Until your BMFA subscription has been received, either directly by the BMFA or by the Club, you are not insured to fly. The insurance for current members lapses on 31 December 2018.**

Please turn over for payment information, signature and interests details.
